A decor that intrigues  
glamour and glitter.

The design we achieve comes from nature.

A great sofa is one of the most important pieces of furniture in your home.

NICOLA  
GIROTTI

HEAD OF DESIGN&UX

*by pininfarina*

**"Armonia"** has been conceived to bring the elegance of the interior environments to the outdoor spaces, creating a seamless and elegant living experience.

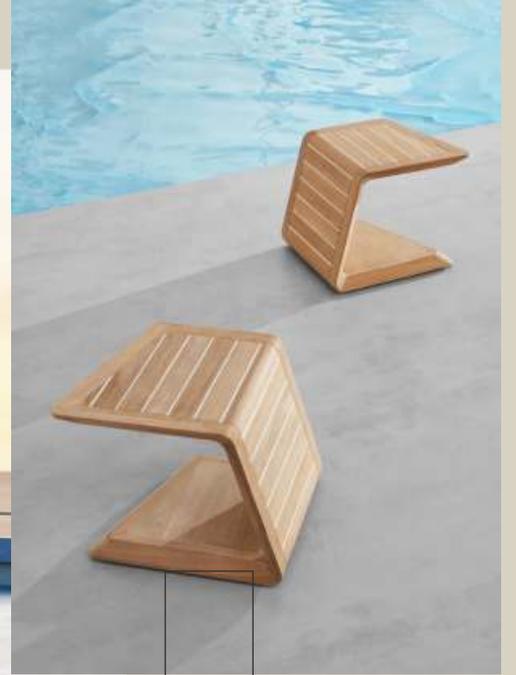

The use of wood and braided rope gives it an artisanal and classic look, balanced by the modernity of the clean lines and the shaped body.

The use of specially designed materials allows this sofa to be enjoyed in outdoor environments in total safety and ensuring top performance against atmospheric agents without compromising aesthetics and comfort.

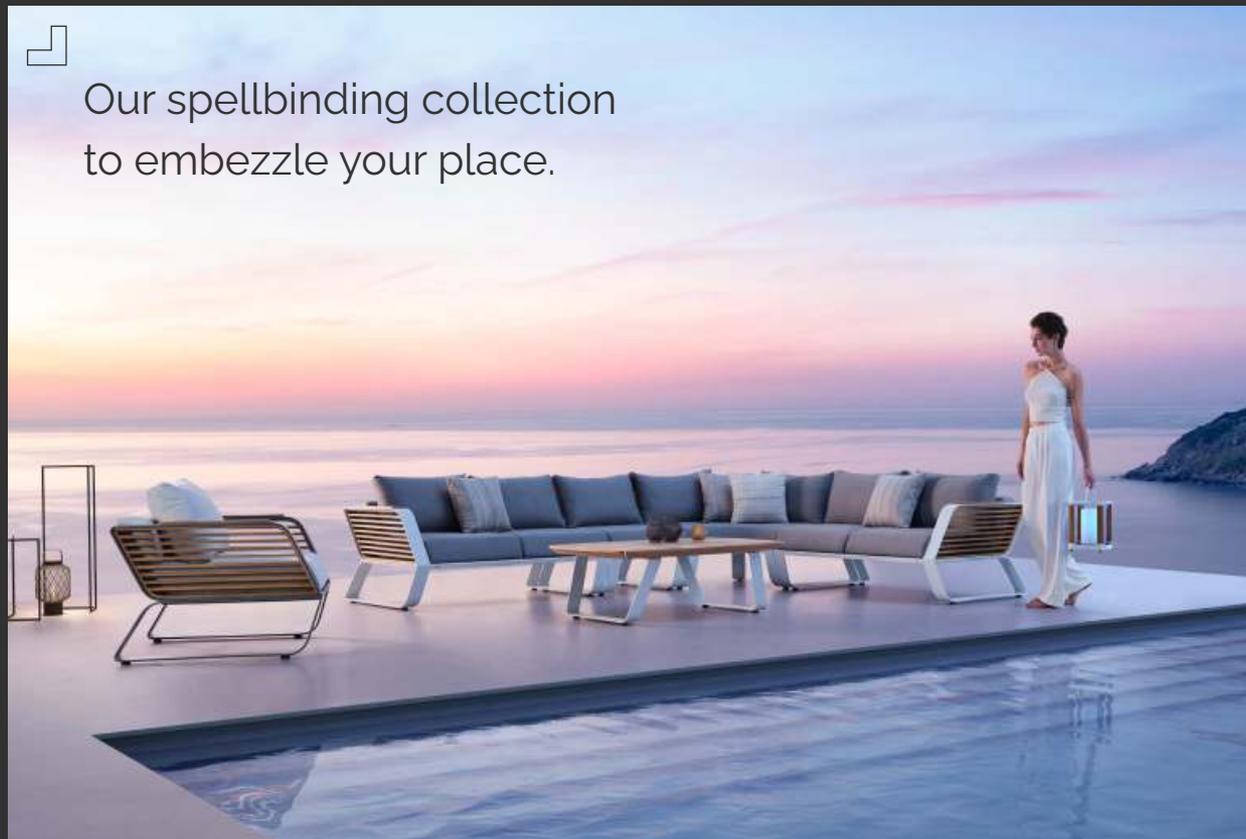

Inspired by the lightness of wing, the archetype par excellence that combines lightness and strength-in the **WING** collection, the designers were guided by the concept of physical and perceived lightness.

The dynamic, pure and elegant lines give the collection a style suitable for both urban contexts and environments where nature is the protagonist.

The elements of the collection are characterized by a folded aluminum structure and enriched by geometric and essential lines that recall the world of architecture.

Our spellbinding collection  
to embellish your place.

A perfect match  
combined physical  
sturdy & perceived  
lightness.

**Onda** was born to blend in different environments and at the same time, to make them unique.

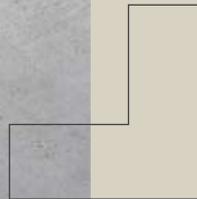

The choice of the materials come from the PININFARINA 360° design experience: the aluminum – coming from the car sector – for the structure, the fabrics – used in the yachts for its resistance – for the cushions.

An exquisite ambiance  
that confers opulence.

# NICOLAS THOMKINS

HIGOLD CHIEF DESIGNER

NICOLAS THOMKINS, born in Switzerland and based in Germany, has a very large knowledge background and a strong sense of humor. He joined in Higold design team in 2014 and has completed several original designs. Among all, Airport collection, both applicable in outdoor and indoor use, has been regarded as the benchmark of new design trend in furniture industry. He focuses on product details and user experience by applying ergonomics into product design. His design advocates nature, fulfills positive spirit and contains his understanding to life and the pursuit to health. He dares to break the rules and touch the soul.

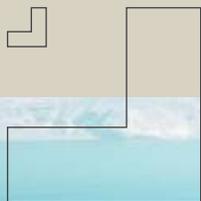

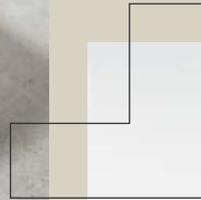

We redefine beauty and eminence.  
Our array of bona fide collections adds magnificence.

**AIRPORT** collection is made of bend-extruded T Profile and corrugated sheet-metals (CSM) that was used by the Junkers Airplane Company of Dessau as the most suitable material to build the first and biggest fleet commercially-used planes. Corrugated sheet-metal (CSM ) made of steel or aluminum has been known and mass produced all over the world to cover walls and roofs for any kind of domestically or commercially-used buildings. The corrugation in various proportions is the synonymous for longevity and a never-aging esthetic appearance. CSM is most versatile and cost-effective, production is simple and the applications are boundless. By adopting architectural proportions and elements, the **Higold 'Airport'** outdoor collection can be imbedded in public environments as well as in private gardens and on the terraces.

A collection that is inspired by the charm of Italy, its naturally expressive sceneries, relaxing seascapes, and sunshine that is still and pure. The **AIO** collection is a feeling of absolute relaxation and comfort that envelops you and takes you to the exact Italian feeling. The majestic and refreshing texture of sands inspires the grains and surface of this collection. A sight to the eyes with its special and distinct color, especially when the sun shines on it highlighting its detailed textures. The iconic element of this collection is done with rope, which is known to be strong and tough material. The blend and showcasing of rope details with smooth curved silhouettes make this collection one to remember!
